

Kristina Pope

2018-2019 *Membership Director South*
San Diego State University
Graduation: May 2020

Hello everyone!

My name is Kristina Pope and I am junior nursing student at San Diego State University. I am very excited to serve as the 2018-2019 membership director-south for CNSA. After serving as the membership and mentorship director at my school's CNSA chapter, I was motivated to run for my first state board position.

Some of my goals for the 2018-2019 year include:

- Increasing the number of CNSA chapters
- Increasing engagement within existing chapter
- Putting on a Membership meeting that provides meaningful guidance to the CNSA chapters in Southern California

CNSA has given so much to me personally in my journey to becoming a nurse and I want others to have a positive experience as well. If you have questions about starting a chapter, want ideas to increase engagement in your chapter, or have ideas for membership meeting south, please feel free to contact me at south@cnsa.org! I would love to help in any way possible. I am so excited for this wonderful year ahead and I am so grateful to be here!
