

Adriana Andres Chavez

Convention Director

Hello everyone! My name is Adriana Andres, I am honored to be serving our state as the 2019-2020 CNSA Convention Director. I am currently a senior at Sonoma State University and will be graduating in May 2020! My dream is to become a NICU nurse-- the tiny humans have completely stolen my heart.

This last year, I served as Social Media Director for my school's CNSA chapter. At our meetings, we mentioned the CNSA, but I never really understood what the organization had to offer. It wasn't until attending the 2019 Convention that I was exposed to the work that the CNSA does in representing the State of California. What was most beneficial to me at the convention was being able to attend breakout sessions that prepared me for my career after graduation. I learned about interviewing techniques, resume building, and heard from hiring managers about what they look for when interviewing candidates.

My goal for this year's convention is to bring diverse speakers and resources that will impact the way we navigate nursing school and life after graduation. If you are interested in becoming the next Convention Director or have ideas for this year's convention, please don't hesitate to contact me, I would love to chat.

All the best,

Adriana Andres Chavez
